Our initiative to provide complimentary hot drinks for tradespeople is part of our ongoing effort to express gratitude for their hard work and dedication. We understand the demanding nature of their jobs and want to offer a small token of appreciation.

Our team will be visiting different Costa Coffee stores on the last Friday of every month. This allows us to connect with local tradespeople and contractors in various areas. We believe that this face-to-face interaction is important in building relationships and understanding the needs of the trade's community.

It's important to note that this offer is available on a weekly basis, meaning tradespeople can enjoy a complimentary hot drink once a week. However, to be eligible for this offer, individuals must be registered to WorkSafe Support as tradespeople. This ensures that the offer is exclusively available to those in the trades industry.

We hope that this initiative not only provides a well-deserved treat for hardworking tradespeople but also serves as a way for us to express our gratitude and support for their valuable contributions.
